FIRST USES OF VICTORY

Santiago Harbor is Being Cleared Of Dangerous Mines.

CAMARA SAID TO BE ABOUT TO INVADE THE UNITED STATES.

Siboney, Sunday, July 17—Special—The Red Cross steamer State of Texas entered the harbor today immediately after the Spanish gunboat Alvarez, which had surrendered to the Americans, came out. The Texas carried supplies. Clara Barton was aboard.

Twelve small ships lying in the harbor were surrendered with Santiago.

The American flag now waves over Socapa Castle and the batteries. Morro Castle and the batteries in its vicinity are wrecked as a result of the repeated firing by the American ships.

The American and Spanish troops are hobnobbing on the hills surrounding the city.

A small launch conveying Schley, Hobson and several others entered the harbor early yesterday and made a survey for mines. Hobson exploded several.

Conditions of Peace.

Washington, July 18—Special—All plans of peace with Spain that are discussed here contemplate the practical extinction of Spanish authority from the Western hemisphere. First the independence of Cuba will be insisted upon, and then an American protectorate over Porto Rico or its actual possession by the United States as a part of the war indemnity will follow. Coaling stations in the Philippines, the Ladrões; the Canaries and the Carolines will be held, and Spain will be required to reimburse this country for its war expenditures. These terms are regarded as reasonable. The first two will certainly form a part of this government's demands; the others may be somewhat modified if such action shall appear to be advisable. It is thought no more than fair, however, that Spain should pay the cost of a war which she provoked, and if she cannot pay in cash she must pay in territory. There is no departure from usage in these demands. Turkey and Greece have both paid their conquerors in like manner in recent years.

The Porto Rico Campaign.

Washington, July 18—Special—There will be no halt in the prosecution of the war due to the surrender of Santiago. The invasion of Porto Rico will be begun at once. Before the present week closes troops will be on the way to San Juan. They can be landed there with little trouble. Sampson's bombardment of the forts a month ago showed that they are practically worthless and can offer but little resistance. The reduction of the capital will be an easy matter. The native rebels may be depended upon to do most of the fighting elsewhere under the direction of the American commander. A month will be long enough to drive the Spaniards out and establish a provisional military government. The remaining steps will be left to the peace commissioners who will doubtless be appointed before the end of this campaign.

Spanish Vandalism.

New York, July 18—Special—When the American troops entered Santiago they found the city sacked as completely as if an enemy had been there. The Spanish soldiery, as soon as it became evident that they must capitulate, had despoiled the houses, stores and churches of everything of value they could carry away. In many instances they had not been content with this, but had destroyed much valuable property that was not portable. The vandalism was most wanton. Many works of art brought by early Spanish missionaries were ruthlessly destroyed, and costly sculptures hacked to pieces or mutilated by sword and bayonet. The damage done is irreparable.

To Bombard the Coast.

Washington, July 18—Special—The navy department has received information from authentic sources that Camara's fleet will be divided, a part remaining home and a part crossing the Atlantic to bombard the American coast.

Start Before Saturday.

Washington, July 18—Special—It is reported that the Porto Rico expedition will be at sea before next Sunday.

Hon. Stewart L. Woodford, American Minister to Spain.

MYSTERIOUS WOMAN DYING WHILE HERE

ROCKFORD POLICE SOLVE THE MYSTERY.

She Was Suffering as the Result of an Operation Performed in Rockford—Friends Preferred to Say Little About Her Case—Affair Attracted Much Attention.

The mysterious woman who arrived in Janesville from Rockford on last Thursday morning's train and who was found by Officer Appleby in a helpless condition lying on two down-turned seats, was a resident of the Forest City and her case is now well known to the Rockford police who investigated the affair soon after the receipt of the news from this city. It appears that the woman while here was in a dying condition as the result of a difficult operation that was performed in a Rockford hospital in order to save her life. Her condition gradually grew worse, and at her own request she was sent to her home in Portage, where she stated that she wished to die among friends.

From information gleaned by the Janesville officers it appears that the suffering woman was met at Madison by a gentleman friend, who looked after her wants and made her as comfortable as possible. The Rockford Republic in referring to the case says: The woman from Rockford who was taken from a St. Paul train at Janesville in a dying condition and whose case appeared so mysterious and aroused so much speculation in Janesville as to the cause, is well known in certain quarters in this city.

Not surprising A physician told her that her ailment was such that there was no hope of her recovery, and that her death was not many days distant. She requested that she be sent to her home in Wisconsin that she might die among her old friends, and she was taken to the St. Paul train by some of her companions. Shortly before her departure a physician performed an operation to afford her temporary relief and with no expectation that it would prove of any permanent benefit. The condition in which the woman was found in Janesville was not surprising considering the nature of her case.

NABOBS ARE ENGAGED

William Waldorf Astor and Mrs. Ogden Golet Will Be Wedded Early in the Fall.

New York, July 18—[Special]—The Journal says that William Waldorf Astor and Mrs. Ogden Golet are engaged. They will be married in the fall. Their combined fortunes will reach about four hundred millions.

LOST HIS HOUSE AND BARN

W. M. Fleck Suffers from a Fire Near Brodhead.

W. M. Fleck, of the Janesville Music Co., suffered a \$1,500 loss by fire Saturday night. The house and barn on his farm near Brodhead burned, with nearly all the contents. The insurance was about \$800.

The house was the old Decatur stage house, one of the pioneer Green county taverns.

Mr. Fleck went to Brodhead this afternoon to join with his tenant in replacing the building.

HE WANTS TO LEARN A TRADE

Fouché, the Watch Thief, Goes to Wau-pun in Good Spirits.

Robert A. Fouché, the youthful watch thief, boarded the noon train in charge of Sheriff Acheson, for Wau-pun, where he will spend the next eleven months behind stone walls and barred windows and doors.

For good behavior he will be allowed one month's time. Fouché says that he hopes they will put him to work at a job where he will be able to learn a trade, so that it will be of some use to him on his release.

DEATH'S SICKLE REAPS A HARVEST

RICHARD B. McNEIL DIES AFTER PROTRACTED ILLNESS.

Was a Valued Employee of the North Western Road—William Bower, a Former Resident of Janesville, Passes Away in California—Mrs. Lichtenberger's Death

Richard Bartlett McNeil died at his South Third street home in this city at 10:30 o'clock this morning after an illness of many months' duration. The cause of his death was diabetes. He was born in Kingsley, Canada, December 21, 1844, and in 1863 came to Janesville. He was a resident of Iowa since 1874, returning to Janesville in April, 1898.

Mr. McNeil was a man widely known, and his death will be mourned by many. He was employed by the Chicago & Northwestern road since 1867, being a member of the Brotherhood of Locomotive Engineers for a number of years. He was also a member of the Masonic order, and was loved and esteemed by all who made his acquaintance.

Deceased leaves seven sisters and one brother besides two children, Richard and Maud, both of this city.

Services will be held from the home Wednesday afternoon at 2:30 o'clock, the interment to be in Oak Hill cemetery.

William Bower

William Bower, a former well known Janesville boy and co-lawyer to Charles A. Porter, of this city died at his home in Los Angeles, Cal., Saturday evening at 7 o'clock. The cause of his demise was heart failure, he having been subject to such illness for the past two years. While a resident of this city, Mr. Bower was employed in the Rock County National bank, resigning his position to accept one in the United States mail service, he being superintendent of mails in Los Angeles at the time of his demise. Deceased leaves a wife, and to her will be extended the sympathy of a host of Janesville friends in this hour of trouble. The interment will take place in the cemetery at Los Angeles.

Mrs. Lichtenberger.

Mr. and Mrs. John Knoff, of this city, were in Freeport, Ill., today to attend the funeral of Mrs. Knoff's mother, Mrs. Lichtenberger, whose demise took place in Freeport on Friday. Deceased was 88 years of age, and died as the result of a complication of diseases brought on by advanced years.

WEATHER FORECAST.

Chicago, July 18—[Special]—Forecast for Wisconsin: Continued warm weather.

JANESVILLE LIQUOR CURE

An Institution That Is Patronized by All Classes

Inebriety or drunkenness is a disease for nearly a year past it has been successfully treated and permanently cured at the Harzeaves Institute, Janesville, whose offices are at Room 1, Jackson Block. Patients are treated separately and privately. The cure is painless, positive and permanent. A number of well known Janesville men have been cured here and its management have the confidence and endorsement of our best citizens. If you have a friend who drinks to excess call at the Institute's offices and get full information as to treatment free.

Master Masons Take Notice

There will be a special communication of Janesville Lodge, No. 55, F. & A. M. on Wednesday at 1:30 o'clock p. m. for the purpose of attending the funeral of our late brother, Richard B. McNeil, of Carroll Lodge, No. 204, of Carroll, Iowa. J. W. CLARK, W. M.

WISCONSIN BOYS REBEL

Protest in Vain Against Poor and Insufficient Rations.

MARCH THROUGH THE LINES AND GET SQUARE MEAL.

Charleston, S. C., July 18—Special—The members of Company M, Third Wisconsin, refused to eat the food prepared for them last night. When told they would have to eat it or go hungry the men formed in line and marched past the guards to a restaurant. It was expected they would be arrested on their return, but they were not. It is reported that the governor of Wisconsin will look after his soldiers. There is much dissatisfaction about food.

The Conquered Territory

Washington, July 18—Special—As stated in these dispatches several days ago; the fate of the conquered Spanish provinces will be held in abeyance until after the close of the war. No course of action has been decided upon, although the subject has been informally discussed by those in authority. The only thing definitely fixed is that Cuba and Porto Rico shall be freed from Spanish dominion. These are the primary requisites of peace; other details can be arranged afterwards. All statements, therefore, of covenants about to be entered into by the two powers now at war may be regarded as wholly without authority and unworthy of credence.

A Censorship Over Blanco.

Washington, July 18—Special—A censorship has been established over Blanco's dispatches to Madrid. Gen. Shafter is now in possession of the only cable line between Havana and Spain, and all the captain general's messages must pass through his hands. This may not be fruitful of results, but it places Blanco in an unpleasant predicament. For the future, therefore, he will doubtless remain silent in preference to permitting his dispatches to pass the review of the American general. There is much merriment here over the Spaniard's plight.

The Porto Rico Expedition.

Washington, July 18—Special—Orders will soon be issued for the troops which are to make up the Porto Rico expedition. The intention of the war department is to use several regiments of regulars from Copfinger's corps in addition to the volunteers under Gen. Brooke.

Washington, July 18—Special—This afternoon it was decided to send Wilson's division into Porto Rico.

The Third Wisconsin, Fourth and Sixteenth Pennsylvania, Fourth Ohio, Third and Fifth Illinois, First and Third Kentucky comprise the division.

An Honorable Surrender.

Madrid, July 18—Special—The terms of the surrender of Santiago are considered honorable to the Spanish arms. The troops will probably be sent to the Canaries or Baleric isles. Blanco still has a hundred thousand regulars and forty thousand volunteers under his command.

Sampson's Report Coming.

Washington, July 18—Special—Admiral Sampson has notified the navy department that he mailed Saturday a report of the destruction of Cerveri's fleet. The department believes Sampson is liberal in his praise of the service rendered by Schley.

More Fighting in Prospect.

New York, July 18—Special—A Santiago dispatch says Gen. Shafter intends placing his army on the hills of San Juan, overlooking Santiago, to await further developments. The services of the soldiers may yet be required, as ten thousand Spaniards under Duque are still at Holguin.

Have Smokeless Powder.

Washington, July 18—Special—The war and navy departments are rushing preparations. They have provided soldiers and war vessels with smokeless powder.

Riots in Andalusia

Madrid, July 18—Special—Riots have broken out in Andalusia. The rioters marched to the municipal buildings shouting for cheaper bread. Many houses were sacked.

SANG AMID THE SHELTERING TREES

SUCCESSFUL PICNIC OF THE CONCORDIA SOCIETY

Hundreds Made the Trip to Crystal Springs Park Yesterday—A Fine Musical Program Was Rendered—All the Arrangements For an Enjoyable Outing—Were Complete.

Six hundred people were the guests of the Concordia Singing society at Crystal Springs park yesterday. The occasion was a musical festival given for the benefit of the singing society to help defray their expenses to Davenport, Iowa, where they will go this month to attend the annual saengerfest. A more perfect day, as to the weather, could not have been chosen, and the hot atmosphere from early till late made an upriver trip all the more enjoyable. From the city to the park the banks of the river were lined with small picnic parties who were out for the day only.

Crowds Pack The Boats.

At 10 o'clock the first boat load left the city and not a few took advantage of the first trip, taking well filled baskets which meant the enjoying of a noon day repeat. At 1 o'clock the Imperial band, under the leadership of Al Kneff, marched from the business section of the city to the boat landing, where they embarked for the park. Every hour from 1 o'clock on the boats left their Fourth avenue dock, and every trip found them well filled. At the park Capt. Buckholz had everything in readiness, and nothing was found lacking.

On the boats the large crowd was handled with as much ease as if they had numbered less than a hundred. Between four and five hundred took passage on the steamer, while fully a hundred made the trip over land.

An Ideal Picnic Ground

The grounds were tastefully decorated with the national colors, while in the center hung a large American flag. The Imperial band played throughout the afternoon, winning much praise by its excellent music.

The Concordia Singing society under the leadership of Carl Pabst, rendered several selections, which they were frequently obliged to repeat. The singing society of late have shown marked improvement, and that they may win for themselves a place in the front ranks at the coming saengerfest is the wish of their host of friends.

Games were indulged in and created much merriment. At 6 o'clock the crowd began to leave for the city and by 9 o'clock but few were left on the grounds. The festival was all that could be desired and the members of the Concordia Singing society are to be congratulated on the success of their undertaking.

No little credit is due Charles Wisch chairman of the committee, which consisted of the following members: E. E. Herman, Philip Reuss, William Funk, William Klenow, Edward Trenchen, C. H. Beck, L. W. Knapp, Carl Brockhaus, Chas. Muelenschlager, A. Hansvold.

300 cases, crop of 1897-98, Pennsylvania Seed Leaf, at 13 to 15 cents.
140 cases, crop of 1897, New England Seed Leaf, at 24 to 40 cents.
125 cases, crop of 1898, New England Havana, at 18 to 45 cents.
100 cases, crop of 1898, Zimmar, at 18 to 19 cents.
150 cases bundles, at 8 to 16 cents.
Total, 3,165 cases.

MRS. PINKHAM'S ADVICE.

What Mrs. Nell Hurst has to Say About It.

DEAR MRS. PINKHAM:—When I wrote to you I had not been well for five years; had doctored all the time but got no better. I had womb trouble very bad. My womb pressed backward, causing piles. I was in such misery I could scarcely walk across the floor. Menstruation was irregular and too profuse, was also troubled with leucorrhoea. I had given up all hopes of getting well; everybody thought I had consumption. After taking five bottles of Lydia E. Pinkham's Vegetable Compound, I felt very much better and was able to do nearly all my own work. I continued the use of your medicine, and feel that I owe my recovery to you. I cannot thank you enough for your advice and your wonderful medicine. Any one doubting my statement may write to me and I will gladly answer all inquiries.—MRS. NELL HURST, Deepwater, Mo.

Letters like the foregoing, constantly being received, contribute not a little to the satisfaction felt by Mrs. Pinkham that her medicine and counsel are assisting women to bear their heavy burdens.

Mrs. Pinkham's address is Lynn, Mass. All suffering women are invited to write to her for advice, which will be given without charge. It is an experienced woman's advice to women.

THROWN FROM AN ENGINE

E. D. Williams Sustains Probably Fatal Injuries on a Train Near Koscoe

On Saturday night E. D. Williams, a fireman on the Chicago & North-western road, was thrown from the cab of the engine and sustained injuries that may cost him his life. While getting water with which to wet down the coal the train came to the sharp curve just south of Koscoe and the swaying of the cab threw Williams off. The train was stopped and Williams was picked up, when it was found that he had landed on his head. Concussion of the brain and paralysis were the results.

The injured man was brought to this city, where he was attended by Dr. W. H. Palmer. He was found to be in a precarious condition, and was conveyed to his home on South High street. All that was possible was done to make him comfortable, and at last accounts he was still alive, although slight hopes are entertained of his ultimate recovery. The paralysis indicates that he has suffered an injury to the spine, which, in addition to his other wounds, makes his case a precarious one.

Mr. Williams is twenty-three years old, a son of Lorenzo Williams, who resides north of Milton Junction, and a grandson of the late Randall Williams. He has been in the employ of the road a little less than a year. He has a wife and one child. He was on his first trip over this section of the road when the accident befel him.

DAVIDSON'S CHEESE BILL

He Will Try to Get It Before Congress at the Next Session

Oshkosh, Wis., July 18.—Congressman J. H. Davidson has arrived home from Washington and here he expects to remain until the next session of congress. The cheese bill fathered by Congressman Davidson did not get before congress for a vote owing to the war measures before that body the last days of the session. Mr. Davidson says he had enough votes promised to pass the bill if he had been able to get it before the house. However, when congress meets again in December, he is going to work immediately for the passage of the bill. Mr. Davidson holds that the addition of cheese to the rations of the army is a move in the right direction.

LADIES ARE ENTERTAINED.

Mrs. Jennie Becker and Friends at Buckleton Farm—Mrs. VanKirk Recieves.

At the Buckleton farm today a number of ladies were the guests of Mrs. Jennie Becker. Tempting repasts were spread at both noon and evening hours, and a more delightful place to spend such a day would be hard to find in this locality.

Mrs. W. T. VanKirk was hostess this afternoon at her spacious Milton avenue home, the members of the Ladies' Afternoon Euchre club being the guests. Refreshments were in order, and the afternoon was delightfully spent.

LIGHTS ARE AS GOOD AS CAN BE ASKED

CHAIRMAN RICE REPLIES TO MAYOR'S CHARGE.

Are Well Cared For But Unless More Are Used They Can Be But Failures—Asks the Mayor About the Noxious Weed Law Provisions.

EDITOR GAZETTE.—The writer is a believer in the old maxim "silence is golden," but after the remarks of Mayor Thoroughgood given out especially for publication in which he criticizes the lighting committee and particularly the chairman for what he calls neglect of duty, justice to the committee calls for an answer.

In the first place I will say that the committee has given the lighting matter all the attention which it has required, the mayor notwithstanding. Since the appointment of the committee the writer has made a number of tours of the city, also the full committee, less one, with the chief engineer added and found the lamps in good condition and the light as good as can be expected for a gasoline lamp. And in justice to the employees of the Globe Lighting Co., I will say that when complaint of certain lamps has been made to him it has been attended to promptly.

The first intimation the committee had that the mayor was dissatisfied with the lights, was Wednesday last, when the writer met him at the city hall. He was then taking the matter out of the city clerk to write the Globe Lighting Co. asking them to send a representative here forthwith. He then gave for publication a long article, criticizing the lighting committee and employees of the company for what he calls neglect of duty, thereby giving the employee of the company an opportunity to remedy the deficiencies before the representative of the company could arrive.

In conclusion, as chairman of the Lighting committee, I will say that except the lamps are placed close enough to one another (which makes them more expensive than other lights) as a street light they are a failure. Yours, W. S. Rice, Chairman Lighting Committee.

P. S. Before criticizing any committee for neglect of duty the writer would call the attention of the mayor to the "noxious weed law," and ask if he has fulfilled his duty as sworn to do. The law reads:

Sec. 65. Any chairman of a town board, or any president of a village board, or the mayor of any city, who shall refuse or neglect to appoint one or more thistle commissioners, as provided in section 4 of said chapter, within thirty days next following their election, shall be fined not less than fifty dollars nor more than one hundred dollars and costs, on complaint made in writing by any resident in the county to a justice of the peace, or magistrate in such county. Any weed commissioner, after taking his oath of office, who shall refuse or neglect to perform his duties as prescribed in this chapter, shall be fined not less than ten nor more than twenty-five dollars and costs, on complaint as stated above, for each and every such offense.

Sec. 7. It shall be the duty of every town clerk, at the annual town meeting in each year, to read aloud to said meeting the whole of this act.

Sec. 8. This act shall take effect and be in force from and after its passage and publication.

Approved April 11, 1891.

WON BY A JANESVILLE RIDER

E. J. Ehle Takes First Honors in the Chicago Road Race

E. J. Ehle, a former well known Janesville boy, won the annual century bicycle race in Chicago yesterday that was run over the Aurora-Geneva course by the Century Road Club of America. There were 238 starters, and of this number all but fifty eight finished. The best time was made by E. J. Ehle, the fourth man in, who covered the distance in 6:40. W. R. Chart, the man who made the second best time was the first to reach the starting place. His time was 6:43. The roads were reported in miserable condition and the next run which will be Aug. 21 will take place over the Waubesa course. The riders claim that the dust was blinding at some points of the course.

About six ladies started in the race and two finished. A triplet with two ladies and a man mounted upon it started but has not yet been heard from. No accidents occurred worthy of mention. The first five to finish, with time, were as follows:

	Start.	Finished.	Time.
W. Hickart	3:30	10:13	6:43
D. Gramman	3:30	10:16	6:46
E. H. Hogan	3:30	10:23	6:53
E. J. Ehle	4:05	10:45	6:40
Al. Flatt	4:05	10:50	6:45

BRING MUCH GOLD.

Klondike Miners Reach Frisco on Steamer St. Paul.

San Francisco, July 18.—After being eagerly watched for, hour by hour, during the past ten days, the steamer St. Paul arrived from St. Michael's, bringing men and treasure from the Klondike. There were 176 passengers on her list, and the amount of their earnings, in gold dust, nuggets and bank drafts, is estimated by the ship's officers at \$3,000,000.

It has been learned on reliable authority that the Alaska Commercial company received on the St. Paul seventeen boxes of gold, each weighing 150 pounds. At a conservative valuation of \$15 an ounce this aggregates \$3,423,000.

Adding this to the amount brought down by the miners, which is now placed at over \$3,000,000, the Klondike treasure carried by the St. Paul is not less than \$6,000,000 or \$7,000,000.

ADMINISTRATION SATISFIED.

Gen. Shafter's Message from Santiago Received.

STRUGGLE FELT TO BE OVER.

Pleasant-Sounding Terms Which Were Inserted in the Articles of Surrender Had No Real Significance—End of War Seems Plainly in Sight.

Washington, July 18.—The sweeping extent of the victory at Santiago and the complete success of the first military expedition to foreign territory since the conquest of Mexico was never fully appreciated until Sunday. Gen. Shafter's message, dispatched at noon from the heart of the fallen city, announced that the American flag was flying over the municipal buildings, with a squadron of American cavalry and a regiment of infantry presenting arms, while a band played the American national airs and a light battery was firing the national salute of twenty-one guns.

At last the tense strain of anxiety which had depressed the authorities, who were unable to banish some lingering doubt that Spanish treachery might be disclosed at any stage of the vexatious delay, was relieved. Even the few who had not been able to suppress grave doubts as to the wisdom of certain so-called "conditions" which had been granted to the Spanish commander, changed their minds when they read of Gen. Shafter's impressive conviction that 5,000 good American lives would have been the cost of carrying the city by assault.

It appears that Gen. Toral's insistence upon the insertion of several pleasant-sounding expressions in the formal terms of "capitulation" contemplated no practical disadvantage to the Americans, and that Gen. Shafter, by the exercise of diplomacy, actually achieved Santiago's "unconditional surrender." In addition he secured nearly half of the largest province of Cuba, with all its ports and garrisons, against which he was not required to strike a blow.

All solicitude for Gen. Shafter's ability to meet any emergency that might hereafter appear at Santiago has disappeared, and confidence now exists that he is master of the situation and that under his direction the improvement of all conditions will be swift. Under the circumstances, considering that the government at Madrid was fully consulted and gave its unqualified approval to the surrender, the belief is growing that the end of the war is plainly in sight, and it would surprise no one if a direct request came at any moment for an armistice to permit a discussion of propositions for a treaty to end the war.

Although the garrisons at Guantanamo, Baracoa and other points in the surrendered territory have not yet been mentioned specifically in Gen. Shafter's dispatch, it is believed they will promptly deliver themselves at Santiago.

Advertisements are to be published at once calling for proposals to be opened at New York Wednesday from steamship companies willing to undertake the movement of 1,000 officers with cabin accommodations and 24,000 enlisted men from Santiago to Cádiz or such other port of Spain as may hereinafter be designated. The vessels must be ready at Santiago between July 30 and Aug. 10.

It is announced that the Porto Rican expedition will be embarked and at sea before next Sunday, unless in the meantime Spain seeks for peace. As a result of Gen. Brooke's visit preparations have progressed practically to the point of completion, and orders may be issued at any moment for the movement of additional troops from Camp Alger and Chickamauga to Newport News and Fernandina for embarkation upon transports which the quartermaster-general has assembled at these points.

Troops already at Tampa and Charleston will go to make up the expedition, which will be joined off the Porto Rican coast by the large force of regulars and volunteers recently participants in the Santiago campaign. All the latter which have not been contaminated by infectious disease and can be spared from guard duty will take the transports now in that locality as soon as the entrance channel to Santiago harbor is safely navigable.

It is understood at the navy department that the three big double-turreted monitors—Puritan, Amphitrite and Miantonomah—have already started from Key West to take part in the bombardment of San Juan, but it is possible these vessels are destined to guard Santiago and Guantanamo, thereby relieving all the naval vessels at those ports for duty in assisting the army to occupy Porto Rico.

British Prayers for Peace.
On Port Antonio, Jamaica, July 17.—Prayers for the speedy ending of the war between the United States and Spain were read in all the Anglican churches throughout the world Sunday by the order of the archbishop of Canterbury. It is believed in official circles in Jamaica that Great Britain is to take steps without delay leading to the arranging of peace between the two warring nations. There is general satisfaction here at the success which has attended the operations of the Americans by land and sea.

H. Y. P. U. Convention Closes.

Buffalo, N. Y., July 18.—The close of the eighth annual convention of the Baptist Young People's union of America was as auspicious as its opening. The thousands of delegates and visitors gave themselves up to a day replete with worship. Sunday morning they distributed themselves among about fifty churches in all parts of the city and listened to sermons delivered by 100 Baptist ministers, who were among the delegates, two ministers preaching at each church. In the afternoon and evening the final sessions of the convention were held. These meetings were so well attended that the armory, with a seating capacity of 6,000, was filled.

Big Fire in La Crosse.

La Crosse, Wis., July 18.—Fire broke out in the sash and door factory of Segelke, Kohlhaas & Co. Sunday afternoon and in an instant the entire structure was a mass of flames. The large barn of the John Paul Lumber company was soon burned to the ground. Next the fire spread northward, and the lumber piles of the Paul company and several blocks of other lumber were burned. Segelke, Kohlhaas & Co. are the heaviest losers. Their plant, valued at \$70,000, with its contents, was totally destroyed. The John Paul Lumber company's loss is estimated at \$80,000. The entire loss is \$150,000.

Chasing the Kansas Bandits.

Wichita, Kas., July 18.—William Blakeman, the citizen shot in the spine by the bandits who held up and robbed a St. Louis & San Francisco express train at Andover Saturday night, is dead. Before holding up the train the bandits robbed the station agent at Andover, securing \$40. Following the hold-up citizens of Andover exchanged shots with the two robbers. One of the robbers was wounded and his horse killed. The two men rode off on the horse. Officers and citizens are in pursuit.

Oshkosh Strike Still On.

Oshkosh, Wis., July 18.—The woodworkers employed in six local sash and door factories and the manufacturers are no nearer to a settlement of the strike, which is now nine weeks old, than they were at its beginning. The strikers have issued an ultimatum that no more of their committees will wait upon the mill men. The mill men declare that it rests with the strikers to go back to work when the mills start up again, which, however, will not happen until full crews can be obtained at wages fixed by the mill men.

Omaha's Big Strike Is Ended.

Omaha, Neb., July 18.—The big strike of the packing house employees, which during the past three days has promised some most serious consequences, is ended. The result is a compromise, in that the men are to be paid for their work according to the hours they put in, but no increase will be paid.

George A. Pillsbury Dead.

Minneapolis, Minn., July 18.—George Alfred Pillsbury of the firm of Pillsbury & Co., president of the Northwestern bank, and one of the best known men in the northwest, died here Sunday, aged 82 years. He leaves a large fortune and his public bequests in the past have aggregated over \$500,000.

Nevertheless, He Got Her.

"You say my daughter loves you?" questioned the old man.

"I'm sure of it," replied the young man.

"Well, well," returned the old man, looking the young man over critically, there's no accounting for tastes, is there?"

THE TALK OF THE CITY

It's of Interest to Our Readers, Because It Refers to Janesville People.

It's also talking how news will spread. From every ward and street we hear of our people talking about the workings of the Little Conqueror. Merit and honorable methods receive their just praise. So many cases are cropping up that it is next to impossible to investigate them all, but we have taken a few in hand and have given them publicity for the benefit of our readers. Our representative obtained the following statement of facts in a personal interview. They are true in every particular and no stronger evidence can be obtained than home endorsement.

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says:

"Seven years ago I injured my back by falling through a bridge near Afon, into the Rock river. I was on a traction engine, its weight broke through, and the whole thing went into the stream. Since that time my back has ached by spells, some times very severely. If I caught cold it settled in my kidneys, and if I brought a strain on my back by lifting the result was a bad case of backache and sharp twinges of pain in my loins. I procured Doan's Kidney Pills at the Janesville Co.'s drug store and after I used them I was free from backache. I am in better health than at any time since falling through the bridge. It is for just such complaints as I suffered from that I can recommend Doan's Kidney Pills to all dealers. Price, 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no other."

LA FOLLETTE A CANDIDATE

Robert M. La Follette, who has been posing as the man who is devoting his life to the work of purifying politics, announces his candidacy for the republican nomination for governor—thus demonstrating that his high sounding talk is mere pretence, and the real object of his palaver is to secure office. The republican party is composed of intelligent people, and that they cannot be fooled by any such "barefaced strategy," goes without saying. The La Follette machine has now lost what little prestige it had, for a scramble for office is not as inspiring a sight as a fair fight for a principle. In announcing to the people that he desires to be governor of Wisconsin, Mr. La Follette has completely unmasked his machine, and everybody can now see just what it was constructed for. Ex-Governor Hoard, Niles P. Haugen and A. R. Hall should now tell the people just what offices they seek, for the fact that the leader of the machine seeks a berth in the stateservice, permits of no doubt but what all these other gentlemen have aspirations also.

Another significant fact, is that in no part of his statement does Mr. La Follette affirm his allegiance to the republican party, which only goes to confirm the prediction that the La Follette machinists contemplate a bolt in case they do not win.

Shall the republicans of the state honor men who cloak their greed for office under a thin coat of misleading language, discharged from the stands at county fairs, the pulpits of the churches, or any other platform that the bogus apostles can find vacant?

Will the republicans of the state allow their great party to be ridden and wrecked by men who seek to rule or ruin?

Common sense dictates the answer: NO! A thousand times no!

The republicans of the state stand for the principles of the greatest political party ever organized. They render their services in behalf of the economic theories that have lifted the United States from the slough of despond to the highest pinnacle of success and prosperity. They believe in "Protection for American Labor," and "An honest dollar and a chance to earn it by honest toil."

Think of the glories of the record of this grand party. Think of the wonders it has always worked, and of the great good it is yet to accomplish.

How puny, when contrasted with the true meaning of the word "republican," are the empty pretences of the La Follette machine, and how disgusting the effort to hide its political greed!

There can be but one result of the campaign this fall. The real republicans are republicans from principle and they will punish the La Follette machinists, and dash their greedy hopes once for all, that the glorious record of the party may shine in the years to come, unclouded by the blot of party prostitution.

MR. FROST CONDEMNED HALL.

Madison State Journal—We are in receipt of a letter from ex-Assemblyman Frost, who served in the legislature with Hon. A. B. Hall, in which Mr. Hall is very severely criticized for his legislative record, the claim being that he was friendly to all corporations except railroads. Mr. Frost had previously written a letter to The Milwaukee Sentinel of about the same tenor, from which we have heretofore made an extract, and so his present communication is not published. Mr. Frost favors taxing corporations and abolishing passes. He says in regard to Governor Scofield, that he has known him for twenty-two years, and that he knows him to be an honest man who can be safely trusted, and therefore favors his renomination.

Mr. La Follette is candid enough to admit that all his sonorous sentences have been discharged in the hopes that he might become governor. Will the other machinists now step forward and tell us what offices they seek?

the purpose of landing the machinists in office? The answer is plain—Mr. La Follette wants to be governor and all his brother machinists have the same banking for office.

REPUBLICAN STATE CONVENTION.

Headquarters Republican State Central Committee, Milwaukee, June 15.
To the Republican Electors of Wisconsin:
By direction of the State Central Committee, a convention of the republican electors of the state of Wisconsin will be held in the city of Milwaukee on Wednesday, the 17th day of August, 1898, at 12 o'clock noon, for the purpose of nominating a republican state ticket to be voted for at the general election in November next, and to transact such other business as may properly come before the convention.

The republican electors of Wisconsin are cordially invited to unite under this call in sending delegates to said state convention.

In accordance with resolution recommended by the state convention and formally adopted by the State Central Committee, in electing delegates to the state convention, in counties having more than one assembly district, except Milwaukee county, the unit basis shall be the assembly district, and in such counties delegates shall be elected by assembly district conventions, and the names of the delegates so elected shall be certified to the State Central Committee by the chairman and secretary thereof; in all other cases delegates shall be elected by county conventions.

Under the present basis of representation the several assembly districts in the state are entitled to one delegate for every two hundred and fifty (250) republican votes, or major part thereof, cast at the last preceding presidential election.

Special attention is hereby called to the fact that all conventions to elect delegates to the state convention must be called on a notice of not less than four weeks; all town or ward caucuses as primaries to state convention on a notice of not less than ten days, and that notice of the meeting of such convention or caucus shall be given in the usual manner.

As the State Central Committee acts as the Committee on Credentials, it is requested that credentials of delegates elected, duly certified to by chairman and secretary of county or assembly district conventions, be forwarded to the secretary at Republican State Central Committee Headquarters in Milwaukee, immediately upon their election; in every case giving the names in full and postoffice address.

EDWIN D. COLE, Chairman.

JOHN M. EWING, Secretary.

Rock county will be entitled to 33 delegates, distributed among the assembly districts as follows: First district, 9; Second district, 11; Third district, 13.

MONEYED MEN HERE TO START EXCHANGE

JANESVILLE TELEPHONE COMPANY HAS BACKING.

H. P. Proctor, President of the Vernon County Bank, was here to investigate—Says He Believes All is Satisfactory—Capitalists May Soon Lead Their Support.

H. P. Proctor, president of the Vernon county bank, located at Viroqua, Wis., spent the day in Janesville for the purpose of investigating the Janesville Telephone company.

The object of his investigation was for the purpose of determining whether or not it was good policy for him to lend the enterprise his financial support. To a Gazette man Mr. Proctor stated that he found all satisfactory here with the exception of one thing. Before coming here he was informed by Portage parties that the Janesville Telephone company had already been granted a franchise by the city, but this he found today not to be true. Otherwise all was as represented here, and Mr. Proctor talked as though Viroqua money would soon be back of the enterprise.

Viewed With the Outlook

"I fully looked into this matter before coming here," said Mr. Proctor this morning, "and from talks that I have had with Mr. Bell and Mr. Brawner, of the company, I am satisfied that the proposed enterprise is a good investment. I have seen the list of subscribers that Mr. Bell secured here, and if I remember rightly it embraces 243 subscribers, the greater portion of whom would want the phones at once. I am at present interested in the Viroqua and St. Peter, Minn., telephone companies, and in case we decide to join issues with the Janesville Telephone company we will run the local exchange in first class shape."

In speaking of the cost of putting in their exchange here Mr. Proctor thought that it would require in the neighborhood of \$10,000. He would furnish free telephones for the city to place in the school buildings, the public library, police station and fire stations.

W. S. Proctor, of St. Peter, Minn., son of Mr. Proctor will undoubtedly be superintendent of construction here in case Viroqua goes into the enterprise.

Visits the Mayor

At 11 o'clock this morning Mr. Proctor went to see Mayor Shorroughood about the matter of securing a franchise and as to what necessary steps would have to be taken in order to secure it without further delay. "If all is satisfactory here will rush the line to completion," said Mr. Proctor, "and no time will be lost in getting down to business. The rates will be lower in both the residence and business portions of the city than those now charged by the Wisconsin Telephone company."

Mr. Proctor returned home this afternoon and the report of his investigation will be awaited with interest by the local public.

GEORGE KAYLOR DIES OF TYPHOID

FIRST RESIDENT OF JANESVILLE TO DIE IN SERVICE

He Was a Member of the Whitewater Company Though Long a Resident Here—Had Exhausted Himself Caring For His Sick Comrades at Jacksonville.

The first Janesville boy to give up his life in the war passed away in Jacksonville this morning. He was George Kaylor son of Mr. and Mrs. Henry Kaylor, of Riverview Park. Death resulted from typhoid fever.

Kaylor was a private in Co. I, of the First regiment, enlisting in Whitewater as soon as the war broke out. Typhoid fever broke out in the Whitewater company about ten days ago. Kaylor helped care for the boys who were sick. He was with them a great deal, especially with William Tardiff who died last Thursday. In this way exposed, he finally broke down. He was sick only a few days, and his parents did not know that his condition was serious.

Only a brief dispatch was received from Jacksonville. It is not yet known what arrangements can be made as to the burial.

The dead soldier was twenty five years old and was formerly employed in The Gazette press room, going from there to the Janesville Machine Company shops.

A late telegram received by the bereaved parents this afternoon from Captain Pearson stated that on account of the contagious nature of the disease, the extreme heat, it was thought best to inter the remains there and remove the body later if relatives then thought best.

BOND SALES LARGE IN JANESVILLE

OUR CAPITALISTS HAVE SUBSCRIBED LIBERALLY.

Banks Sell All the Government Obligations They Can Procure—An Evidence That there is Much Idle Capital in the City—Investment is Safe Though Interest is Low.

Citizens of Janesville know a good thing when they see it. They are patriotic as well as shrewd, and when they can combine profit to themselves and assistance to their country, they are happy indeed. This may account for the fact that the subscriptions to the government war loan made in this city are so liberal.

The local banks had some difficulty in obtaining a share of the bonds. The demand in the large cities was unexampled, and three or four times the amount of the loan would have been taken in a week. A limited supply was procured, however, and up to today the amounts disposed of were as follows:

First National bank..... \$30,000
Rock County National bank..... 30,000
Hawker City bank..... 8,000
Merchants' & Mechanics' bank..... Not given
American Express company..... 3,000

Larger amounts than those given could easily have been disposed of if the bonds had been available. The subscriptions were nearly all made by small investors who were anxious to obtain safe and profitable means of disposing of their surplus wealth.

The heavy subscriptions to this loan have demonstrated that there is a large amount of idle capital in Janesville. This capital is controlled by conservative men who do not care to risk their savings upon any but the best security. They are not looking for high rates of interest so long as they are sure they will not lose the principal. Real estate is good enough for some were it not for the trouble and expense involved in foreclosure proceedings in case of default of payment. But there are few people looking for loans upon their real estate. They are rather trying to pay off their debts and keep their property free from incumbrance. The bond sales, while not very large, are a good indication of the fact that Janesville people are far-sighted; that they are firm believers in the stability of the government and its ability and willingness to pay its bills.

They are firmly of the opinion that American arms will triumph over Spain in the pending conflict.

Those who expect to go are, Misses Harriet Elfield and Genevieve Bloch and Mr. Russell. If they make the trip they will visit the principal points of interest, intending to be gone about two months.

ELOPERS WERE AT COUNCIL BLUFFS

CHIEF HOGAN RETURNS AFTER FUTILE CHASE.

After Leaving Here the Fleeing Couple Made Straight For Iowa—Were Seen on the Streets There Walking Arm in Arm—Have Daughter With Them.

Chief of Police J. W. Hogan is home from Council Bluffs, Iowa, where he went in the hope of locating George Church, the Rock county farmer who eloped last week with the wife of George Leonard, and took along the eight-year old daughter of the woman. At Council Bluffs Chief Hogan learned that they had been there Tuesday evening of last week, but from there they decamped in short order, leaving no clues behind as to their future movements. They had along with them Mrs. Leonard's eight-year-old daughter, and all three were seen walking the streets of Council Bluffs arm in arm, seemingly satisfied. Just when they left Council Bluffs was a question that the police of that city were unable to solve, and Chief Hogan was obliged to return home empty handed, after a futile three days' chase.

Wants the Little Girl.

When seen this morning Chief Hogan stated that he had no warrants for the arrest of the elopers, and that the main object of his flying trip was to bring back the daughter, which the frantic father is most anxious to recover.

After driving to this city the elopers left their rig here, and then made their way in a southerly direction, leaving good clues behind which made easy work for the police to track them to Iowa. From Council Bluffs it is thought they went in a westerly direction, but as no clues of a definite nature could be secured on this point Chief Hogan thought it was better to return and wait developments. The matter will not be dropped, and all efforts to locate them will be made.

Leonard has but little to say, and still insists that it is his little daughter that he wants more than his unfaithful wife, and that if he can only secure her he will not disturb her mother.

Mrs. Church is also anxiously awaiting developments.

In the Sunday-School Denying?

Not for a long time has the Sunday school as an institution been handled so absolutely without gloves as in Edward Bok's editorial on "The Decay of the Sunday School" in the Ladies' Home Journal. Mr. Bok has evidently studied his subject closely, and the results must have been far from satisfactory, judging by the way in which he handles the entire topic. In words which no one can misunderstand, with a sure aim, he pillories the average Sunday school, and declares it to be "a rebuke to intelligence and a discredit to the church." Probably no religious article of recent publication will cause so much comment or evoke such bitter controversy as this remarkable editorial by the Philadelphia editor.

How Birds Carry Seeds.

Dr. Howard, the new secretary of the American Association for the Advancement of Science, writing of the manner in which seeds are carried to great distances by birds, related an experiment of Darwin which had a curious result. Adhering to the leg of a wounded partridge, Darwin found a ball of earth weighing six and a half ounces. From the seeds contained in this ball he raised thirty-two plants belonging to five distinct species.

SPANISH LEAVE SANTIAGO.

American Flag Flies Over the Cuban City.

COURTESY SHOWN GEN. TORAL

The Streets of the Town Had Been Barred with Every Kind of Obstruction, and an Assault Would Have Cost Many Lives.

Santiago de Cuba, July 18.—Gen. Shafter and his staff entered the city of Santiago at 10 o'clock Sunday morning and took possession.

Capt. Miley, one of the commissioners who arranged the details of the capitulation of the Spanish army, hoisted the American flag on the staff above the palace.

Early in the morning between the American and Spanish lines honors of war were paid to Gen. Toral and his staff, who then escorted Gen. Shafter and his staff to Santiago. There state ceremonies were participated in by Americans and Spaniards.

Gen. Shafter established a guard of honor, all the members of which were general officers.

The first battalion of the Ninth infantry were the only troops to enter the city.

The populace made no demonstration upon the appearance of the Americans, but they seemed pleased so far as could be judged by their countenances and their friendly manner.

The Americans marched through the city to the Plaza de la Reina, in the heart of it, on one side of which is situated the governor's palace and on the opposite side the cathedral.

At the palace Gen. Toral, the archbishop of Santiago and the civil officials tendered a reception to Gen. Shafter and his companions. There a dinner was served to them, at which the band of the North United States infantry furnished music.

While the high officials were engaged in these formal ceremonies the citizens of Santiago crowded around and fraternized with the American soldiers, swapping buttons with them as souvenirs and presenting them with cigarettes. In fact, everybody had a good time and seemed to enjoy himself, American and Spaniard alike.

Santiago's streets had been barricaded everywhere with barb wire, sandbags and other obstructions, so that any attempt to carry the city by assault must have led to desperate fighting from square to square.

Sixty buildings in the city were wrecked by our shells during the bombardment.

The Spanish soldiers marched out by regiments and deposited their arms in the path along the line of the American intrenchments.

The health of our army is improving. All the men are in good spirits and proud of their recent achievements.

The following dispatch from Shafter tells the whole story of the surrender:

"Santiago de Cuba, July 17.—Adjutant-General U. S. A., Washington: I have the honor to announce that the American flag has been this instant, 12 o'clock noon, hoisted over the house of the civil government in the city of Santiago. An immense concourse of people present. A squadron of cavalry and a regiment of infantry presenting arms and hand playing national airs. Light battery fired salute twenty-one guns. Perfect order is being maintained by municipal government. Distress is very great, but little sickness in town. Scarcely any yellow fever. A small gunboat and about 200 seamen left by Cervera have surrendered to me. Obstructions are being removed from mouth of harbor. Upon coming into the city I discovered a perfect entanglement of defenses. Fighting as the Spaniards did the first day, it would have cost 5,000 lives to have taken it. Battalions of Spanish troops have been depositing arms since daylight in armory over which I have guard. Gen. Toral formally surrendered the plaza and all stores at 9 a. m. "W. R. SHAFTER, "Major-General."

The agreement of surrender consists of nine articles, as follows:

1. That all hostilities shall cease pending the agreement on final capitulation.
2. That the capitulation includes all the Spanish forces and the surrender of all war material within the prescribed limits.
3. For the transportation of the troops to Spain at the earliest possible moment, each force to be embarked at the nearest port.
4. That the Spanish officers shall retain their side arms and the enlisted men their personal property.
5. That after the final capitulation the Spanish forces shall assist in the removal of all obstructions to navigation in Santiago harbor.
6. That after the final capitulation the commanding officers shall furnish a complete inventory of all arms and munitions of war and a roster of all the soldiers in the district.
7. That the Spanish general shall be permitted to take the military archives and records with him.
8. That all guerrillas and Spanish irregulars shall be permitted to remain in Cuba if they so elect, giving a parole that they will not again take up arms against the United States unless properly released from parole.
9. That the Spanish forces shall be permitted to march out with all the honors of war, depositing their arms,

returned to those "who so bravely defended them."

NO PROPOSAL OF PEACE.

President Has Not Discussed the Matter with European Diplomats.

Washington, July 18.—The government has not received a single proposition for peace, nor has the representative of any European nation made any preliminary proposals. This is positive.

The president has not discussed peace with Cambon or anybody else. The visit of the French ambassador to the white house was to talk over the representation of the United States at the Paris exposition, and the Spanish-American war was not discussed. This information is also authentic.

The Spanish newspapers, which have been talking about Ambassador Cambon's visit to President McKinley, are barking up the wrong tree.

The belief that peace is at hand, however, is none the less general in official circles, but this belief is not based upon informal negotiations, but on the force of circumstances.

President McKinley is the least vindictive man in the world, and he has no desire to press the defeated and bankrupt Spaniards to the wall, but he naturally insists that proposals for peace must come from the Spanish themselves and not from him.

As to the basis of peace, even the president has no well defined ideas at present. Members of the cabinet say that the peace basis will certainly be progressive. In other words, the terms will be dictated by the length and cost of the war in men and money.

SPANISH FLAG TAKEN DOWN.

Morro Castle Lowers the Banner of Yellow and Red.

Playa del Este, Guantanamo Bay, July 18.—At 9 Sunday morning—the hour of the formal surrender of the 10,000 Spanish troops at Santiago and the 10,000 others in the district of eastern Cuba which the Spanish have agreed to evacuate—the Spanish flag was lowered from Morro castle.

Steam launches from the New York, Brooklyn and Vixen entered the harbor and examined the batteries, the wrecks of the Merrimac and the sunken Spanish cruiser Reina Mercedes and the torpedo firing station. They discovered six Spanish merchant steamers and one small gunboat in the harbor, and a prize crew was placed upon the latter.

In the afternoon the torpedoes were taken up or exploded, after which the Red Cross steamer State of Texas entered to give assistance to the sick and wounded in the city. The warships may not enter the harbor for several days.

RIFLES TURNED OVER.

Washington, July 18.—At 11:05 o'clock last night Adjutant Corbin made public the following dispatch from Gen. Shafter:

"Headquarters, United States Army, Santiago, July 17.—To Adjutant General, U. S. A., Washington: My ordnance officers report about 7,000 rifles turned in today and 600,000 cartridges. At the mouth of the harbor there are quite a number of fine modern guns, about six-inch; also two batteries of mountain guns, together with a saluting battery of fifteen old bronze guns. Dismantling and turning in will go on tomorrow. List of prisoners not yet taken.

"S AFTER."

"Major General C. ..."

Want an American Protectorate.

Madrid, July 18.—The terms for the surrender of Santiago are regarded as honorable to the Spanish arms. The garrison will probably be sent to the Canaries or the Balearic Islands if found to be tainted with yellow fever. Captain General Blanco still has 100,000 regular troops and 40,000 volunteers under his command. Two million dollars has been sent to Captain General Blanco to meet his war expenses. The volunteers in Havana and the leading representatives of the island of Cuba have telegraphed General Weyler saying that they do not want independence, but would much prefer an American protectorate, failing which they will continue fighting.

Misery Among the Refugees.

Santiago de Cuba, July 18.—Twenty-two thousand refugees are quartered at El Caney, 5,000 at Firmeza and 5,000 at Cuabitas el Boniato and San Vicente, where they have been living for a fortnight. In one case 500 were crowded into one building, which was a regular pig-sty, with a horrible stench. They used the water from the river, where soiled clothing was washed and all manner of filth is floating.

Few Yellow Fever Cases.

Washington, July 18.—Encouraging information about the yellow fever outbreak in Shafter's army was received Sunday from Colonel Greenleaf, the United States surgeon in charge at Siboney. His telegram said there had only been three new cases reported in the previous twenty-four hours, and only one death. The officials here believe that there will be no extensive spread of the disease.

Santiago's Governor Is Chosen.

Washington, July 18.—Gen. Chambers McKibbin has been appointed temporary military governor of Santiago. He is a member of an old and well-known Pennsylvania family.

Terrific Storm in Texas.

Dallas, Texas, July 18.—A terrific hail and wind storm swept over several counties of northern Texas tributary to Dallas Saturday evening, doing great damage to grain and cotton

LATE NEWS BY TELEGRAPH.

SHAFTER, SAMPSON AND GARCIA HOLDING A COUNCIL OF WAR.

The war conference in the camp of the Cuban general, Calixto Garcia, at Acarraderos between General Garcia, General Shafter and Rear Admiral Sampson is likely to prove historic because of the fact that it marked the practical beginning of definite hostilities against the Spaniards by the combined army and navy of the United States in conjunction with the Cuban army of liberation. The conference took place in a hut, and on guard about the three famous leaders were five brawny negro sentries, naked to the waist.

THE PORTO RICO CAMPAIGN.

Gen. Miles Gives Some Details of His Plans.

SHAFTER'S MEN ARE GOING.

The Invading Force Will Be Larger Than That Sent Against Santiago. Expedition Will Be Landed Inside of Three Weeks.

Siboney, by dispatch boat to Port Antonio, July 18.—Major General Nelson A. Miles has outlined the general plans for the Porto Rico campaign.

As has been brought out already General Miles will leave here at once and will take charge of the invasion of Porto Rico. He will use in this work twenty-seven regiments, including practically all of the regulars now with General Shafter. They have become well acclimated. The rough riders and the Seventy-first New York regiment will be among the volunteers selected from the troops about Santiago to go to Porto Rico.

General Miles declares that within three weeks the expedition will be landed on Porto Rican soil and will be marching toward San Juan. This invading force will be much larger than that sent against Santiago, and additional volunteers from Fernandina or Tampa probably will be sent to join the expedition.

It is likely that General Shafter, as soon as the Spanish troops are sent to Spain, will return to the United States. He is broken in health.

AGUINALDO'S FORCES.

Has Broken the Spanish Troops in Four Battles.

Manila Bay, June 6.—General Emilio Aguinaldo, the chief of the Philippine insurgents, occupies a fine palace as his military headquarters. He has fought four battles already with the Spaniards and been victorious in all. The Spanish lost 125 killed, 200 wounded, and 1,400 taken prisoners; General Aguinaldo has lost twelve killed and ten wounded.

General Aguinaldo has 6,500 fully armed troops and can raise as many more if he can get arms for them. He has a carefully elaborated plan of action, which includes co-operation with the United States troops. Aguinaldo left these islands last February, when the Spanish governor general purchased peace.

SPAIN IS AFTER PEACE.

What a Madrid Official Says—Cuba Only Is Concerned.

Madrid, July 18.—A member of the cabinet in an interview asserted that the government was seeking an honorable peace with the United States.

El Imparcial says that a member of the ministry declares negotiations for peace with the United States are only possible so far as the question of Cuba is concerned. To demand more would be to say that Spain must commit suicide.

An official dispatch from Porto Rico says 150 cases of ammunition exploded there, killing fourteen persons and wounding many others.

Wounded Soldiers Arrive.

Fort Monroe, Va., July 18.—There are now over 450 wounded soldiers at the hospital here, most of whom arrived

from Cuba by the steamers City of Washington, Breakwater and Solace. The Olive, with 200 more of the worst cases and many who are ill of typhoid and other fevers, came into Hampton Roads Saturday, but was sent on to New York, where there are better accommodations. Besides these, fifty-four wounded and sick seamen and forty-eight wounded Spaniards from Cervera's fleet were taken to the naval hospital at Norfolk by the Solace yesterday. Most of them are desperately wounded.

Warships Form Squadrons.

Off Santiago, via Kingston, Jamaica, July 18.—Admiral Sampson's command has been divided into three squadrons, and a fourth is still likely to further disperse the warships. When the vessels that are coming and repatriating at Guantanamo have completed their work one squadron will make an early move on Porto Rico.

May Encourage Blanco.

Paris, July 18.—The Temps says it is the consensus of opinion among diplomats in Paris that peace is certain, but in some quarters it is thought that the generous treatment of the garrison at Santiago, especially the sending of them home at American's expense, will encourage Captain General Blanco to make further resistance.

Ordered to Charleston.

Chattanooga, Tenn., July 18.—Orders were received by Col. Bennett, commanding the Second brigade, first division, first corps, to forward the brigade's wagon train to Charleston at once. It is believed that this is the beginning of the movement to Porto Rico.

Italy Sends Four Warships.

Colon, Colombia, July 18.—Four Italian warships arrived at Cartagena Friday to make a demonstration to compel the government to pay the award of \$300,000 growing out of the claim of Signor Cerrutti, an Italian subject. One of the vessels ran aground while entering the harbor.

General Williams Is Dead.

Mount Sterling, Ky., July 18.—General John S. Williams, ex-United States senator and a hero of the Mexican and civil wars, died at 7 a. m. Sunday at his home near this city. He will be buried at Winchester, Ky.

Waltham League in Session.

Fort Wayne, Ind., July 18.—The International convention of Waltham League of the United States and Canada began its sessions here Sunday evening. The league is composed of societies of Lutheran young people, and its members are in every state in the union, as well as Canada. Accommodations have been arranged for 1,000 delegates.

Fire Destroys a Paper Mill.

Stevens Point, Wis., July 18.—The Wisconsin River Pulp and Paper company's mill was destroyed by fire Sunday. The loss will be between \$150,000 and \$200,000, fully covered by insurance.

Bonds Not Exempt from Tax.

Washington, July 18.—The commissioner of internal revenue has held that in estimating the amount of special tax required to be paid by a bank, based on the law requires, upon capital and surplus, the amount invested in United States bonds is not to be deducted. It is held that there is no provision of law which warrants such deduction, inasmuch as the tax is not upon the bonds, but upon the business of the banking. The capital and surplus, which may include bonds, is taken as a basis for fixing the amount of the tax.

Alleged Spy Is Released.

Portsmouth, N. H., July 18.—John Wirth, arrested near Santiago by order of General Shafter as a suspected spy and sent aboard the Harvard, was put ashore here by Captain Cotton. Wirth says he is correspondent of the Frankfurter Anzeiger. He has only one arm, is 35 years old, and speaks Spanish. Some officers reported that he had been attempting to communicate with the Spaniards in Cuba. The day after his arrest he was detected talking in an undertone to a prisoner on the Harvard.

Serious Riot at Shanghai.

Hong Kong, July 18.—Serious rioting is taking place in the French settlement at Shanghai, consequent on the closing of the Ning Po joss-house. Yesterday and last night all the available men from the French cruiser Ecclaircisseur were landed with four machine guns. The volunteers, police and firemen were on duty all night. Several Chinamen were killed and wounded and several foreigners were hurt by stones.

Damage by a Cloudburst.

Upper Sandusky, O., July 18.—A terrific rain storm did much damage in the northeastern part of Wyandot county Sunday afternoon. A cloudburst occurred, swelling the streams into torrents and carrying away several bridges. The village of Sycamore suffered severely. Vance's large implement barn was struck by lightning and totally consumed, together with considerable machinery.

Resuming Great Canal Work.

Detroit, July 18.—Since the appropriation for continuing the work of experimental surveys of a deep water way between the great lakes and the sea has been made the commissioners in charge are putting several new surveying parties in the field. Of the old parties two are at work in the Mohawk Valley and one is surveying the route between the Hudson River near Troy and the headwaters of Lake Champlain at Whitehall.

Will Fly Watson's Flag.

New York, July 18.—A special to the Tribune from Washington says: The unparalleled performance of the battleship Oregon in cruising 15,000 miles to take an active part in the war against Spain; so speedily followed by her magnificent race past the American fleet in pursuit of the Cristobal Colon less than two weeks ago now, is to be rewarded by flying the commander-in-chief's flag in transferring the seat of hostilities to Spain itself.

The Grocerymen.

Honor Among Them.
"You're welcome to the small change that's in the pocketbook," said the scowling citizen whom the footpad was holding up, "but there's a lot of papers in it I wish you'd give me back. They won't be of any use to you. They're chattel mortgages on furniture and things of that sort."

"Do you run one of these collateral loan banks?" asked the footpad.

"Yes."

The gentlemanly highwayman handed back the pocketbook with its contents.

"Why didn't you say so?" he demanded. "I never rob a comrade."—Chicago Tribune.

None Needed.
As the agent for the phonograph paused at the door he felt a friendly tap on the shoulder.

"You can't sell any talking machine in there," said the stranger.

"Why not?" asked the agent.

"They already have a United States senator in the family."—Chicago Post.

Felt Hurt.
Chirurgo—What did you say that poor fellow's ailment is?
Medico—Chronic dyspepsia.

Chirurgo—Did you prescribe a more rational scientific diet?
Medico—I did, and that's why he's gone away mad. His wife is the principal of a cooking school.—Judge.

A Long Story.

Ned—If you want to marry an heiress, why don't you propose to Miss Elderly? She's rich.

Ted—Yes; but I object to her past.

Ned—Why, I thought that was above reproach.

Ted—It is; but there's so much of it.—Brooklyn Life.

A Reformed Pirate.

"Mamma, you know that penny you gave Dickie to help buy a new battle-ship?"

"Yes, Bobby, what of it?"

"Goin' to school, he said war was wicked an' he spent it for candy."—Detroit Free Press.

Love and Philosophy.

Mr. Oldboy (scooping into philosophy)—Yes, Miss Youngthing, all the evils of civilization are due to over-crowding.

Miss Youngthing—That's true, Mr. Oldboy—please move a little farther toward your end of the sofa.—N. Y. Weekly.
